DETAILED ACTION

Information Disclosure Statement

The information disclosure statements filed on 11 December 2003, 25 April 2005 have been entered and reference considered by the examiner.

Allowable Subject Matter

Claims 1-33 are allowable subject matter. The following is a statement of reasons for indication of allowable subject matter: the prior art of record, taken alone or in combination, fails to disclose or render obvious an apparatus and method for measuring light absorption in a sample having first, second, third, and fourth indices of refraction that comprises a ring-down optical cavity formed by at least 2 reflectors having a selected wavelength width, wherein the optical cavity comprises a medium, and wherein the first and second inner faces of the inner surface are oriented at third and fourth angles, respectively, with respect to the first and second outer faces of the outer surface such that the light beam incident upon and exiting the first and second container/sample interfaces is at approximately the Brewster's angle of the respective first and second container/sample interfaces, as found in claims 1, 17, 27, and 29, in combination with the rest of the limitations of the claims.

Additional Prior Art

The prior art made of record and not relied upon is considered pertinent to the applicant's disclosure. The references listed in the attached form PTO-892 teach of other prior art that may anticipate or obviate the claims of the applicant's invention.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ali Allawi whose telephone number is **571 272 8285**. The examiner can normally be reached on Monday through Friday, 8am to 4pm.
